# Learning Objectives

Create a learning course using the Adapt Authoring Tool.

## Course Overview

Answer two questions on the classic Hello World program.

### Course Fields

Field	Value
Title	Hello World
Subtitle	Welcome to the Adapt Authoring Tool Hello World elearning course.
Body	Why are we saying Hello to the World?  <a href="#">Hello World!</a> Is often the simplest tutorial when learning to create computer programs. Just because we're using a Graphical User Interface (GUI) to create this course doesn't mean we can't stick with convention.

### Take The Test Page Fields

Field	Value
Title	Take the test and say "Hello World"

### Take The Test Components

---

#### Hello World Test Article

Field	Value
Title	Hello World Test
Instruction text	Answer all the questions

---
